

National Youth Horse Leader's Program Directory
Listing Application

The American Youth Horse Council has developed a service for those who work with youth and horses. The *2004 National Youth Horse Leader's Program Directory* will be presented with the National Youth Horse Leader's Symposium Proceedings Book. The Proceedings Book at the National Youth Horse Leaders Symposium has long been more than a simple guide to the event. It has been produced with the idea of providing the participant descriptions of all the presentations that offer take home value. Presentation abstracts summarize youth horse project ideas. Contact lists for presenters, participants, sponsors and exhibitors are included. Using this piece as the foundation of the Youth Horse Leaders Program Directory is a natural expansion to create an even more valuable resource.

The directory serves as a phone book for the Youth Horse Industry. It captures the major Youth Horse Programs from 4H, Pony Club, and FFA to Breed Associations and Discipline Organizations, and lists major horse related educational resources throughout the country. It also serves as the membership directory for the American Youth Horse Council. But we don't want to forget anyone who offers important services to youth leaders and young riders; so, we are you the opportunity to include your organization in this directory. If you choose to participate, please provide all the requested information to ensure your listing is accurate and complete.

To include your individual listing, organization, or group in the *2004 National Youth Horse Leaders Program Directory*, please provide the following information:

Organization Name:

Primary Purpose of Organization: (Please limit to 2 sentences, less than 50 words)

Of Youth Members or # of Youth Served:
